

## Biography

The Big Fuss formed in 2015 as an alternative to the sea of Blues Rock cover bands.

The Big Fuss is a gem of the NJ music scene. Bringing their own unique style to rock covers from the 1960's through today, The Big Fuss never fails to entertain. Their blend of on-stage charisma, musical talent, and refreshing delivery of songs you know and love will keep you smiling and dancing through the night!

New takes on classics, ballads forgotten that you'll fall in love with again, and dancers that will leave you breathless are on the menu when this crew comes to town. Bigger-than-life James effortlessly shreds lead guitar while Don fills the bottom with his soulful brand of bass. Ryan bottles lightning into the beat on drums and Matt maintains the groove on rhythm guitar.

As Fred raises eyebrows with his signature vocal acrobatics, these Hunterdon Happening Best Band/Musician award winners bring good times every time!
